The English Acorn

The English Acorn is one of our smallest timber frame pavilion designs at just 16' x 16', but you'll be amazed at how spacious this structure truly is! This post and beam hip roof pavilion works nicely as a screened garden getaway, an open air picnic shelter, or a handsome area to gather in the backyard. You may opt to paint or stain your pavilion as past clients have done or you may choose to let your baldcypress timbers stand untouched in their natural glory.
